Visual Paradigm

Objective

My name is Yustinus Emmanuel and I'am currently a 3rd year student at Bina Nusantara University majoring Information Systems. I have a deep interest in Web development especially in Front-end side. I also like to design the UI/UX of Website interface and Mobile application. As for now, I continuously study and deepen my knowledge in this field. For next semester, I will be applying for an Internship.

Experience

August 2022 - Present
Part of HIMSISFO (Sets of Information System)
HIMSISFO member
- As a member of HIMSISFO, we able to keep in touch for information about information system in depth
